

REGIONAL PROJECT MONITORING AND EVALUATION SYSTEM (RPMES)
KEY LESSONS LEARNED FROM ISSUES RESOLVED AND BEST PRACTICES

In 2026 (First Quarter)

Program/Project Title	Location	Implementing Agency	Problem/ Issue		Strategies/Actions Taken to Resolve the Problem/Issue	Responsible Entity/Key Actors and their Specific Assistance	Lessons learned and Good Practices that could be shared to the NPMC/Other PMCs
			Nature	Details			
Road Opening of FMR Traversing CARITAS Village Marabut Transport Terminal	Barangay Amantillo	LGU	Site Condition/Availability	No major details were encountered during the implementation of the project. Minor site adjustment and coordination with nearby residents were undertaken during the road opening activities; however, these were promptly addressed by the project implementers and did not affect the project schedule or overall accomplishment.	Conducted site inspection and assessment to verify the road alignment and existing conditions along the Fram-to Market Road (FMR) traversing CARITAS Village and Marabut Transport Terminal	LGU, Project Implementors, BLGU, Civil Society Organization, Local residents/beneficiaries	Effective coordination among LGU, BLGU, project implementers, civil society organization, and local residents contributed significantly to the smooth implementation of the project. The conduct of timely site inspection and validated of road alignment ensured proper planning and minimized the need of major adjustment. The cooperation of the community and flexibility of the project implementers in handling on-site conditions are considered good practices that supported the timely and successful completion of the road opening activities.

						The successful implementation of the improvement of the Municipal Building project demonstrate the importance of effective coordination among the LGU, project implementers, BLGU, civil society organizations, and municipal employees. Continuous communication and collaboration enabled the team to efficiently manage minor adjustment in work scheduling without affecting overall progress. The proactive facilitation of coordination among personnel and contractors ensured that concerns were promptly addressed. Additionally, the adaptability of the project team and the cooperation of involved stakeholders contributed to the timely and smooth completion of the project, reflecting good practices in project management and stakeholder engagement.
Improvement of Municipal Building	Barangay Amantillo	LGU	Site Condition/Availability	No significant were encountered during the implementation of the improvement of the Municipal Building project. Minor adjustment in work scheduling and coordination among personnel were managed accordingly and did not affect the overall progress of the project.	Facilitated coordination among project personnel, contractors, and LGU representatives to address minor adjustment in work scheduling	LGU, Project Implementors, BLGU, Civil Society Organization, Employees
Construction of Marabut Transport Terminal	Barangay Amantillo	LGU	Procurement	The construction of the Marabut Transport Terminal has not yet commenced due to the ongoing completion of pre-implementation requirements, including procurement processes, finalization of project documents, and coordination with concerned offices for project mobilization	The construction of the Marabut Transport Terminal has not yet commenced due to the ongoing completion of pre-implementation requirements, including procurement processes, finalization of project documents, and coordination with concerned offices for project mobilization	LGU, Project Implementors, BLGU, Civil Society Organization, Local residents/beneficiaries
						The project highlights the importance of completing all pre-implementation requirements, particularly procurement processes and documentation, prior to project mobilization. Delays in the commencement of construction emphasize the need for efficient planning, timely processing of procurement activities, and close coordination among LGU, project implementers, BLGU, civil society organizations, and other concerned offices. Additionally, maintaining open communication with stakeholders and beneficiaries supports transparency and readiness for project implementation once all requirements are completed.
