

POST ACTIVITY REPORT

ACTIVITY:	Enhancing Capacity of Civil Society Organizations in Project Monitoring Committees
DATE:	June 16, 2026
VENUE:	Old DPWH Function Hall, Asuncion, Maasin City, Southern Leyte
NO. OF PARTICIPANTS:	

REPORT SUMMARY

I. OBJECTIVES OF THE ACTIVITY:

1. To enhance participants' understanding of the mandates, functions, and responsibilities of the Local Project Monitoring Committee (LPMC).
2. To familiarize participants with commonly used engineering terminology relevant to infrastructure project monitoring.
3. To provide participants with fundamental knowledge of the detailed engineering aspects of road, vertical structure, water supply projects and solar lighting projects.
4. To strengthen participants' capacity to carry out project monitoring effectively and efficiently.
5. To equip participants with the skills to identify and assess issues and concerns encountered during project implementation.
6. To develop participants' competence in preparing accurate monitoring observations, findings, and reports.

II. HIGHLIGHTS OF THE ACTIVITY:

The activity commenced with the opening preliminaries, followed by the welcome message of Hon. Alan Aroy, who warmly acknowledged the presence of the participants and emphasized the importance of strengthening the capacities of Local Project Monitoring Committee (LPMC) members in ensuring the effective implementation and monitoring of government infrastructure projects. This was followed by an inspirational message from Vice Governor Rosa Emilia Mercado, who underscored the vital role of collaborative governance and active stakeholder participation in promoting transparency, accountability, and quality infrastructure development.

The training proper focused on the core functionalities of the Local Project Monitoring Committee (LPMC), including the roles, mandates, and responsibilities of its members, project monitoring systems, reporting procedures, and proper documentation of monitoring activities. Participants were also introduced to basic engineering concepts and fundamental principles related to infrastructure projects to equip them with the technical knowledge necessary for effective project monitoring.

To reinforce learning and encourage active participation, the activity incorporated interactive discussions, presentations, simulation exercises, feedback sessions, and open forums, providing participants with opportunities to apply concepts, raise concerns, and share experiences.

The activity concluded with the closing message of Cluster Head Reina Zinnia Bardillon, who highlighted the significant role of LPMC members in promoting transparency, accountability, and quality assurance in the implementation of government infrastructure projects.

III. OUTPUT/S OF THE ACTIVITY:

The participants acquired a deeper understanding of the mandates, functions, and responsibilities of the Local Project Monitoring Committee (LPMC). They also enhanced their knowledge of project monitoring processes, methodologies, and reporting mechanisms, as well as the basic engineering principles essential for assessing infrastructure projects. Moreover, the activity fostered stronger coordination, collaboration, and teamwork among LPMC members, enabling them to perform their monitoring responsibilities more effectively.

CERTIFICATE OF COMPLETION

This certificate is hereby awarded to

PPDO

For successfully completing the training - workshop on “**Enchancing Capacity of Civil Society Organizations in Project Monitoring Committees,**” held on June 16, 2026 at the Old DPWH Function Hall, Capitol Site, Asuncion, Maasin City

Given this 16th day of June 2026 at Maasin City
