VENUE:	<i>SB session hall</i>
NO. OF PARTICIPANTS:	<i>8 pax</i>

REPORT SUMMARY**I. OBJECTIVES OF THE ACTIVITY:**

To strengthen the capacity of Local Project Monitoring Committee members in their roles and responsibilities.

II. HIGHLIGHTS OF THE ACTIVITY:

The virtual orientation started with the opening message from LGOO VII Jerry Enriquez, Cluster Head of DILG Eastern Samar Provincial Office. He congratulates the LPMC members of each LGU of the entire province for having 100% high functional rating. He further emphasized that being a highly functional LPMC alone is not a measurement of success rather seeing results-based evidence in transformation of LGU projects are the ones that define success.

Engr. Genrev Calvadores discussed the indicators for the LPMC functionality assessment. Highlighting the LPMC composition, trainings, meetings, site inspection post-activity reports and compliance to RPMES forms regular submission.

Engr. Aberia also discussed technical topics about Engineering for Non-Engineers that highlights the most common findings and recommendations on vertical and horizontal projects.

An Open Forum followed to address questions, clarifications, and recommendations from participants. The activity concluded with a closing message, reaffirming collective responsibility and commitment from all LPMC members of Eastern Samar.
