Local Project Monitoring Committee

March 13, 2025

The Local Project Monitoring Committee (LPMC) conducted an inspection of the ongoing improvements to the Municipal Building and the small water passage in Barangay Burabod, Gamay, Northern Samar, to check progress and identify concerns. The committee noted that work on the Municipal Building is generally on schedule, with minor delays in some areas due to material delivery. The water passage was found to be narrow and partly blocked, causing flooding during heavy rains. Since the project has not yet been turned over to the LGU-Gamay, the municipality cannot carry out repairs or maintenance. The committee recommended informing the DPWH for immediate assessment and appropriate action.
