

**LOCAL PROJECT MONITORING COMMITTEE (LPMC)
REVISED MONITOR AND EVALUATION (M&E)
For CY 2026**

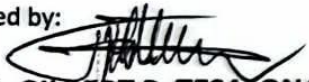

PMC: SAN JOSE

Description of Indicators	Base line Data (Y0)	Target Values (2025)				Source Of Data	Method of Data Collection	Timing/ Frequency	Unit/Person Responsible to Collect	Unit/Person Responsible to Report
		1st Quarter	2nd Quarter	3rd Quarter	4th Quarter					
Construction (COMPLETION) of Flood Control Structures in Barangay San Lorenzo, San Jose, Northern Samar		100%				MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
Construction/improvement of Comfort Room in Municipal Building of San Jose (refers to the construction and/or upgrading of comfort room facilities within the Municipal Building of San Jose to ensure clean, safe, and accessible sanitation services for employees, clients, and the general public. The project includes the installation of standard toilet fixtures, proper water supply, drainage and sewer connections, adequate ventilation, lighting, and handwashing facilities. It also ensures compliance with health, sanitation, and accessibility standards, particularly for women, senior citizens, and persons with disabilities (PWDs), thereby improving public service delivery, hygiene, and overall workplace environment.)			100%			MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC

Completion of Solar street lights from Barangay P. Tingzon to Mandugang Phase 4 (This indicator measures the completion and functionality of solar street lights installed along the road section from Barangay P. Tingzon to Mandugang Phase 4. It reflects improved road illumination, enhanced public safety, and increased mobility during nighttime. The operational street lights also demonstrate the LGU's use of renewable energy to reduce electricity costs and support sustainable infrastructure development.)			100%			MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
Construction of Solar Street Lights of Barangay Bonglas (The indicator focuses on the number of solar-powered street lights installed and made operational in Barangay Bonglas. This signifies improved safety, security, and accessibility for residents, especially during nighttime hours. The installation also supports environmental sustainability by utilizing clean energy while reducing the risk of accidents and criminal activities in poorly lit areas.				100%		MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
Construction of Barangay Road in Barangay Dao Phase 2 (The indicator measures the length and completion of the barangay road constructed under Phase 2 in Barangay Dao. This reflects improved connectivity, reduced travel time, and better access to markets, schools, and essential services. Completion of the road also supports local economic activities and strengthens mobility for residents, particularly during adverse weather conditions.)				100%		MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
Construction of Teen Center and Senior Citizen Building Phase 1 (This indicator measures the completion of Phase 1 of the Teen Center and Senior Citizen Building, including its structural components and usability. It reflects the availability of dedicated spaces for youth development and senior citizen activities. The facility promotes social inclusion, community engagement, and access to programs that support the well-being of both youth and elderly residents.)				100%		MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC

Construction of Street Signages in San Jose Northern Samar (This indicator measures the number of street signages installed in strategic locations within San Jose, Northern Samar. The presence of clear and visible signages improves navigation, traffic flow, and road safety for residents, visitors, and emergency responders. It also enhances the overall organization and accessibility of roads and public spaces within the municipality.)					100%	MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
Construction of Solar Street Lights in Poblacion Area (The indicator measures the number of solar street lights installed and operational in the Poblacion area. This reflects improved visibility, safety, and economic activity in central public spaces during nighttime. The use of solar-powered lighting demonstrates the LGU's commitment to sustainable energy solutions and enhanced public service delivery.)					100%	MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
Repair/Rehabilitation of Barangay Hall in Barangay San Lorenzo (This indicator measures the completion of repair and rehabilitation works of the Barangay Hall in Barangay San Lorenzo. It reflects improved structural safety, functionality, and accessibility of the facility. A rehabilitated barangay hall enhances the delivery of frontline services, governance activities, and community assemblies for residents.)					100%	MEO Project Status Report Field Monitoring Report	Document Review, Field View	Quarterly	LPMC Secretariat MPDO	LPMC
