Orientation on Basic Engineering Terms, Concepts, and Documents for Local Project Monitoring Committee	General Objective To strengthen the capacity of the Local Project Monitoring Committee (LPMC) members and secretariat in understanding basic engineering terms, concepts, and project-related documents necessary for the effective monitoring and assessment of local development projects. Specific Objectives: -Familiarize LPMC members and secretariat with basic engineering terms, concepts, and principles relevant to the monitoring of local development projects; -Enhance the members' understanding of common engineering documents, plans, specifications, and other technical references used in project implementation and monitoring; -Equip LPMC members and secretariat with the basic knowledge and skills necessary to identify and assess project implementation concerns, particularly in terms of physical progress and compliance with approved plans and specifications; -Strengthen the capacity of the LPMC to conduct informed, objective, and evidence-based monitoring of locally funded projects; and -Promote transparency, accountability, and effective community participation in the monitoring of local development projects.	September 24, 2026	C	Municipal Engineering Office	Local Project Monitoring Committee of LGU San Vicente, Northern Samar	4	5	9	Enhanced understanding of technical terminologies and engineering concepts commonly encountered in the monitoring and assessment of locally funded projects. Enhanced capacity in documenting and communicating project monitoring observations and findings to concerned offices and stakeholders for appropriate action.
